Language of the offer:	Romanian or English language
Currency:	<u>Euro or RON</u>
Exchange rate used:	<u>4.9441 RON/1 €</u>
Alternative offers:	<u>NOT ACCEPTED</u>
The method of requesting clarifications from bidders:	<p>Clarifications can be sent by email to: <u>dan.cirstoc@kronesolar.com</u>, until <u>27.07.2022</u></p>

I. Technical specifications

Equipments / Machinery for which quotations are requested:

Nr. crt.	Equipment name	Required technical characteristics		Quantity
		Minimum required technical characteristics (Mandatory eliminatory requirement)	Order of priority (from 1 to 6)	
1.	Ramming machines for photovoltaic posts piling	Diesel engine: 25 - 50 kW	5	3
		Electrical installation: 10 - 14 V	6	
		No of strokes / min: 500 – 2000	2	
		Pile lenght: 2000 – 5000 mm	1	
		Machine weight: 2500 – 5000 kg	3	
		Machine max dimmensions: 5500x3000x3000 mm	4	

Presenting additional technical characteristics is a technical advantage in selecting the winning supplier but it is not mandatory to present them.

The order of priority will be applied when awarding offers as a tiebreaker in the event that each potential supplier has submitted an offer containing all the minimum technical characteristics. In this situation, the shootout will be made on the basis of the above-mentioning priorities.

If in case the entire documentation were mentioned technical specifications which could indicate a specific origin, source, production, special process, trademark, patent, manufacturing license, regarding those, it is self-evident that the purchaser makes the statement “ or equivalent “.

The price offer must necessarily contain a technical detail of the equipment. It is not enough from a technological point of view to just present Annex 2 – Comparative data sheet.
